

## Our Memorandum of Understanding

### Art. 1. Vision

1.1 The vision of the Platform for electromobility is a sustainable, multimodal transport system in which people and goods are moved across land, inland waterways, sea and air in Europe using exclusively fossil-free electricity .

1.2. To reach its vision, the Platform unites all sectors constituting the electromobility ecosystem to pragmatically construct, at the earliest, a sustainable fully decarbonised transport system no later than 2050 by collectively sharing their expertise, challenges and solutions.

### Art. 2. Aim and Objectives

2.1. The aim of the Platform is to drive the development, implementation and support for sustainable European Union policies, programmes and initiatives to move people and goods by electromobility. The Platforms' objectives are to:

- **Providing a forum** in which diverse but likeminded organisations effectively collaborate to develop the market for electromobility
- **Collectively inputting to EU policymaking** processes and other relevant fora
- **Developing practical and policy solutions** addressing barriers and developing solutions which accelerate electromobility and reach a fully

decarbonised transport system.

- **Actively promoting electromobility** to key decision makers and influencers in EU institutions and Member States.

### Art. 3. Membership

3.1. Membership of the Platform shall be open to any company or organisation registered in the EU transparency register, holding a significant share of their activities within the EU single market, actively seeking to fully electrify transport system in Europe. All Members are expected to be active participants in the Platform and commit appropriate resources to enable it to meet its objectives and deliver its work programme.

3.2. As a Brussels-based forum, all members are expected to be permanently, or semi-permanently, represented in Brussels and be able to be present to in-person meetings or through online tools several times a year.

3.3. New Members must accept the memorandum of understanding, retroactively support all relevant position papers of the Platform, and existing members support their membership through consensus<sup>1</sup>. The members of the Platform are listed in Annex 1.

3.4. Annual financial contribution is meant to stay minimal. Members can be expected to offer in-kind<sup>2</sup> contributions. Both financial and in-kind contributions are limited to the funds enabling the work programme to be delivered.

3.5. The Platform and all its members also strive to ensure that the transition to electromobility is fair and inclusive for all. To alleviate the socio-economic impacts of the transition, members are committed to taking actions such as facilitating employment opportunities in new sectors and those in transition; offering re-skilling opportunities; promote fair competition between mobility stakeholders for the benefits of citizens and

<sup>1</sup> In the event consensus cannot be reached at least four-fifths of members must agree.

<sup>2</sup> Staff time, meeting rooms, and other non-financial resources

employees; facilitating access to clean, affordable and smart energy.

3.6. Members' logo can be used in accordance with the member's branding guidelines and only for the purposes of the Platform's activities.

#### **Art. 4. Associated membership**

4.1. Associated members shall pursue the same objective as existing Platform members of advancing transport electrification. New associated members must accept the memorandum of understanding. The associated members of the Platform are listed in Annex 1. Associated membership of the Platform shall be open to companies or organisations that focus primarily on national rather than EU policy.

4.3. Associated members shall be informed on the Platform work programme and new position papers. However, their views do not need to be taken into account when drafting these. They will not participate in working group meetings or in decisions regarding membership applications, and do not have voting rights.

4.4. Associated members are expected to further the Platform objectives in member states. They can take part in the information and knowledge exchanges within the Platform, and shall promote the Platform at national level. They are exempted from any contribution to the Platform budget.

#### **Art. 5. Operating structures**

5.1. Members shall comprise the Assembly of the Platform, its ultimate decision-making forum. The Assembly shall wherever possible make decisions through consensus<sup>3</sup>. The Assembly shall meet three times a year in Brussels and be responsible for agreeing:

1. The Positions adopted by the Platform

---

<sup>3</sup> Where complete consensus is not possible at least four-fifths of members must agree; and the

2. New members and the suspension or cancellation of membership
3. The appointment of the Chair, a Vice-Chair and a Treasurer of the Platform
4. The work programme of the Platform and establishment of working groups.

5.2. The Chair, Vice-Chair and Treasurer of the Platform will be appointed for one year on a rotating basis between the members. A deadline is given every calendar year for candidates declared themselves to the secretariat, then presented to all members which have one week to oppose. If more than one candidate apply to any of the above positions, a vote will take place (simple majority) through an online voting tool with "four-eye" principle (secretariat and appointed surveyor).

5.3. The role of the Chair will be to chair meetings of the Assembly, oversee progress in delivering the work programme, and lead delegations of Platform members in high level meetings. The Chair will be supported by the Vice-Chair. The Vice-Chair is entitled to replace the Chair in the activities detailed above whenever necessary. The Chair will be supported by a Treasurer who will be appointed for a renewable one-year term. The Treasurer monitors financial activities of the Platform and shares responsibility with the Coordinator. Members cannot combine these positions and lead a working group at the same time.

5.4. Each work programme item shall be delivered through establishing a Working Group. Any member may participate in any working group. Members are free to participate in all, in a part or in none of the Working Groups. The members participating within a working group will appoint a Working Group Leader (if consensus cannot be reached, to be confirmed by the Assembly) and if appropriate a Deputy to coordinate the activities.

views of any dissenting members shall be footnoted.

When a WG Chair needs to be renewed, the Chair of the Platform will be attentive on the diversity of the sectors and the consequent representation amongst WG Chairs. WG members will approve the nomination of the substitute proposed by the current chair. If not unanimously approved, a new vote among WG members should be organised with all candidates. The Working Group Leader (or their Deputy) shall report progress to each Assembly. The Chair, Vice-Chair, Treasurer and Working Group Leaders shall meet bi-monthly in the leading committee.

5.5. If resources allow, the work of the Platform will be supported by one (or more) coordinator(s). The role of the coordinator(s) will be to administer the work of the Platform and support (but not deliver) the work programme. Delivery of the work programme is the responsibility of the Members. The coordinator(s) will report to the Chair or their nominee.

#### **Art. 6. Work Programme**

6.1. The work programme will be reviewed and agreed by the Assembly by consensus<sup>4</sup>. The initial work programme of the Platform is detailed in Annex 2. This will be updated as required following each Assembly meeting.

#### **Art. 7. Platform Positions**

7.1. The views of the Platform will be documented and disseminated to influence policy. Specific positions will be developed in Working Groups and presented to the Assembly for agreement or distributed to all members for written responses. Members and associated members - who have a consultation role - should be provided with a minimum of 1 week to review Platform Positions drafted within Working Groups. In the holiday season, the review time should be extended to a minimum of 2 weeks. Letters, tweets or other documents related to a previously agreed position should be agreed by the Working Group but need not

be reviewed by all Platform Members unless they diverge significantly from the original Position. Positions will be agreed by consensus of the members and as a minimum be supported by four-fifths of members. Individual members may dissent from a Platform position in which case their opinion will be specifically footnoted in any document if it is not possible to resolve the issue through any other means.

7.2. If an issue (e.g., letters, etc), no matter if meant at re-affirming a previously agreed positions only, is considered too politically sensitive by the related WG/Platform Chair and/or requires an urgent ad-hoc communication, only the Platform's logo is pasted and all the Platform members are made aware at least 24h before the sending/publication.

#### **Art. 8. Representing Platform opinions**

8.1. The views of the Platform may be represented by any member but usually by the Chair or relevant Working Group Leader for the specific work programme item. In meetings it will be usual for 3-5 Platform members to attend including either the Chair, Vice Chair or Working Group Leader.

8.2. When engaging in public debate or policy discussions, Platform members and associated members should not attribute any views to the Platform as a whole unless they have been clearly established as a position by the Assembly; nor should they speak on behalf of the Platform unless authorised by the Chair.

8.3. Any publication funded and produced by the Platform are the intellectual property and copyrighted to the Platform and express the consensus views of the Platform.

8.4. When the Platform is active on online social media, publications must follow a validation process:

a) posts on social media referring directly to previously agreed position following the

---

<sup>4</sup> Where unanimity is not possible at least four-

fifths of members must agree.

procedure outlined above can be published without further validation needed;

b) other posts must be actively validated prior to publication by at least two of the following: Chair, Vice-Chair, Leader of the related Working Group, and, if any, coordinator and leader of the Communication working group.

8.5. The Chair, Vice-Chair, and, if any, coordinator and leader of the Communication working group have access to social media accounts.

## **Art. 9. Platform Budget**

9.1. In order for the Platform for Electromobility to effectively achieve its objectives it requires a modest amount of funding from its members to pay for joint activities.

9.2. Significant items of expenditure (exceeding €1k), that arise from proposed projects, such as for events, shall be agreed through the Plenary on a case by case basis. If exceeding the Platform's assets, and once agreed the costs will be distributed between members equally or as agreed by the Plenary. All members will usually be expected to contribute financially other than in exceptional circumstances (see point 5).

9.3. For small items of expenditure, the Platform Small Expenses Fund will be used. Members will contribute no more than annually into the fund that will be replenished when the amount falls below €2k. Working Group leaders may request expenditure against the Fund that will be agreed by the Chair. Individual items should not exceed €1000.

9.4. Where there is a small surplus or deficit arising from Project expenditure the sum involved will be transferred into, or from, the Small Expenses fund.

9.5. There shall be two categories of members within the Platform. A Large member is a company with a turnover

exceeding €10Mio per year. A small member could be a small company, trade body, or not for profit organisation. The type and size of the member will determine the member's financial contribution to the Platform (Annex 3). For projects, Large and Small members will typically contribute the same amount unless this is agreed at the time of the expenditure being approved.

9.6. In exceptional circumstances, existing Small members may seek an exemption from contributing financially either to project costs or to the Small Project Fund. Exemptions will be decided by the Chair who will require an equivalent in-kind contribution to be made. Participating in Platform meetings or inputting in the platform position papers shall not be considered an in-kind contribution.

9.7. Funds will be held on behalf of the Platform by a member that will report to the Plenary on any expenditure, costs and income and the sums still held in the Small Project Fund and any Project expenditure.

9.8. Any organisation failing to pay for any project or into the Small Project Fund after 6 months (or make an agreed in kind contribution) will be considered to be in default of their commitments to the Platform and suspended from membership.

9.9. A membership contribution will only be invoiced once the cumulative sum available in the Small Project Fund falls below €3k. The membership costs are detailed in Annex 3. Associated members are exempted from any contribution to the budget.

## **Art. 10. Antitrust Declaration**

10.1. A competitive and free enterprise system is the basis of free market economy. This system, as the basis of a free market is protected and promoted by competition law. Consequently, our actions as The Platform for Electromobility will comply with all applicable antitrust and other laws regulating competition. We do not act in a manner that unfairly influences the free market economy.

10.2. We do not make any agreements - formal or otherwise - to fix or set prices or allocate products, markets, territories or customers.

10.3. We do not obtain or share current or future information about price, profit margins or costs, bids, market share, distribution practices, terms of sales, specific customers or vendors

## **Annex 2: Work Programme**

The work programme of the Platform for 2025 will comprise three activity streams. Each led by a working group leader. This work program is only indicative.

### **Working Group INFRASTRUCTURE & ENERGY**

Working Group Leader – Eurelectric

The WG's priorities include emphasizing energy efficiency through direct electrification to promote e-mobility and EU autonomy, disseminate recommendation for integrating EVs smoothly into the grid. The revision of the Alternative Fuels Infrastructure Regulation will be central to the WG workprogram. The WG will also work on the European Grid Package to ensure a smooth integration of e-mobility to the power grid.

### **Working Group SUPPLY & INDUSTRY**

Working Group Leader – Renault Group

The WG is pushing for a strong European industrial policy. It will react to upcoming political proposal. In addition, the WG is working to propose a solid methodology for Life-Cycle Assessment for electric vehicles. The WG will mostly work on the revision of the CO2 Standards for cars and vans to ensure a respect of 2035 objective. It will also work on the Circular Economy Act to ensure sustainable transport industries are properly considered.

## **Working Group VEHICLES & MARKETS**

Working Group Leader – Tesla

The WG main focus will be the Corporate Fleet Initiative as well as the Emission Trading System for road transport. The Working Group Fleets' priorities include greening corporate fleets through successful public consultations and conferences, proposing policy measures to accelerate fleet electrification using incentives and regulations, and adopting a consumer-centric approach to improve affordability.

### **Annex 3: Budget 2026**

Members agreed to contribute to a Platform budget for the year 2026 as indicated below:

#### Annual Financial Contribution:

Small member contribution: 500€

Big member contribution: 500€

Small project fund: *Invoices will only be issued if the fund falls below the agreed threshold*

Small member contribution: 125€

Big member contribution: 625€
